The business covers the R& D, production and sales of PV modules, residential, commercial and large scale solar plants. We supply turn-key service for domestic customers and all the materials for ...

The protection level is IP54, which can perfectly cope with various types of outdoor weather. The door-mounted embedded integrated air conditioner does not occupy cabinet space, increases the ...

We provide comprehensive solutions for both on-grid and hybrid photovoltaic project construction. As an awarded national high-tech enterprise, we hold an abundant portfolio of patents, including 5 invention ...

As the leading vertically integrated manufacturer of lithium iron phosphate battery systems, GSL ENERGY has provided various battery solutions for nearly all kinds of ESS applications.

It is an one-stop integration system and consist of battery module, PCS, PV controller (MPPT)(optional), control system, fire control system, temperature control system and monitoring system. ...

It has multiple advantages such as safety, reliability, ease of use, and flexible adaptability. It can be widely used in application scenarios such as industrial parks, community business districts, ...

Our footprint in these diverse regions underscores our commitment to sustainable energy solutions. Through photovoltaic projects that harness the sun's brilliance, we're shaping a greener, cleaner ...

This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage requirement.

Compact 100Kwh Energy Storage Cabinet with 10-400kWh capacity and IP54 protection, ideal for industrial and commercial applications.
