What is an outdoor telecommunication enclosure?

Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.

Can telecommunications equipment be terminated outdoors?

One of the biggest challenges of terminating your telecommunications equipment outdoors is finding outdoor enclosures that will be able to properly withstand the elements. Temperature, moisture, ice, shock hazards, and UV damage are all potential dangers to consider before purchasing an outdoor enclosure or cabinet.

Where are outdoor Telecom enclosures made?

Every outdoor telecom enclosure we manufacture is designed, fabricated, and assembled entirely in the USA. Our commitment to American manufacturing means you receive consistent quality, faster lead times, and complete Build America, Buy America (BABA) self-certification documentation with every order.
