International Power Supply (IPS), a Bulgarian manufacturer of battery energy storage systems, is about to launch operations at its new facility near Sofia. Its latest model has 8.2 MWh and fits into a ...

A key highlight of the event was a visit to a landmark 20 MWh project in Malko, Tarnovo, powered by Sigenergy's modular C& I battery energy storage system (BESS).

Building on this solid cooperation, the family-owned company has announced a new 20 MWh energy storage partnership with Sigenergy to further accelerate its expansion in renewable ...

A key highlight was the visit to the 20 MWh Malko Tarnovo project, powered by the company's modular battery energy storage system. Installed in partnership with Trakia MT on a solar ...

Once the storage batteries arrive at your project site, you can follow our installation guide to complete the setup yourself. If needed, we also provide free remote support for installation and commissioning, ...

Sigenergy has deployed a 10 MW/20 MWh battery energy storage system (BESS) at a solar site in Malko Tarnovo, Bulgaria, using 240 kWh battery stacks typically found in residential ...

In partnership with Trakia MT Ltd., a leading Bulgarian solar company, the system is installed on a solar farm and features 90 Sigenergy C& I hybrid inverters combined with the ...

In the context of Bulgaria's energy landscape, energy storage solutions present a diverse array of benefits to various stakeholders stemming from its unique ability to time-shift energy and rapidly ...

Each unit features a 110 kW hybrid inverter, battery management system, and five battery stacks. Each stack offers 12 kWh of energy storage capacity and there are four in each SigenStack ...

20kW Energy Storage Battery Cabinet for Bulgarian Research Station

BG EXERON X-BESS is a system for electric energy storage in batteries, developed based on patented technology by International Power Supply AD (IPS). The production will be ...
