What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What are outdoor cabinet solutions?

Outdoor cabinet solutions are widely used in various sectors: Telecommunications: In telecommunications infrastructures, outdoor cabinets are used to protect base stations, network switches and other communication devices located outdoors.

What are the benefits of outdoor cabinets?

Durability: Outdoor cabinets are resistant to harsh weather conditions. These cabinets protect equipment against factors such as rain, snow, wind, dust, and extreme temperatures. **Physical Security:** Outdoor cabinets offer strong physical security to protect equipment from theft, vandalism, or unauthorized access.

Are outdoor cabinets safe?

Physical Security: Outdoor cabinets offer strong physical security to protect equipment from theft, vandalism, or unauthorized access. Made of durable materials such as steel or aluminum, these cabinets provide high security.
