AZE's weatherproof Outdoor Enclosures provide durable, corrosion-resistant protection for energy, telecom, and industrial applications. Customizable, NEMA-rated, and built for harsh environments.

From indoor data centers to outdoor telecom installations, our enclosures ensure secure, organized, and climate-controlled protection for sensitive electronic equipment.

DDB Unlimited manufactures NEMA outdoor cabinets to protect telecommunications, fiber optics, Wi-Fi and other electronics from the outdoors.

Constructed from corrosion-resistant materials and tested for wind load, impact, and thermal cycling, our enclosures guarantee reliable field performance even under severe environmental conditions.

Explore AZE's premium NEMA-rated and weatherproof enclosures designed for telecom, industrial electrical, and energy storage applications. Built to withstand harsh environments and extreme ...

Enhanced protection: Our enclosures are made with marine-grade 5052 aluminum. They provide excellent corrosion resistance and extended use in extreme weather. Our models also include a cam ...

Explore our range of outdoor telecom cabinets engineered for reliable field deployment. Designed to protect sensitive electronic equipment from harsh weather, dust, and vandalism, our cabinets offer ...

The E-abel 24U Outdoor Cabinet is engineered for demanding outdoor environments. Constructed from high-strength, corrosion-resistant steel and integrated with an 800W air conditioner, this cabinet ...

All enclosures include secure locking systems and corrosion-resistant finishes for long-term durability in harsh environments. Our outdoor telecom enclosures serve diverse sectors, including ...

Corrosion-resistant outdoor telecom cabinets for data centers

Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies, utilities, and network operators with BABA-compliant solutions that ...
