Our test solutions are designed to test battery cells, modules, packs and battery management systems for e-mobility, mobile, industrial, and stationary use.

The BA427 offers a complete testing solution for 6 and 12 Volt batteries and 12 and 24 Volt charging systems. With an operating range of 1.5-30V, it can even test discharged batteries.

It will test 6 and 12 Volt batteries with an operating range of 40-2000 CCA and will provide an analysis of 6, 12 and 24 Volt starting and charging systems. It is compatible with a wide variety of battery types, ...

Designed with advanced features such as multi-axis measurement, audible alerts, and battery-powered operation, the LATNEX AF-5000 is the ideal tool for evaluating EMF safety in homes, workplaces, ...

Discover the best EMF Meters in Best Sellers. Find the top 100 most popular items in Amazon Industrial & Scientific Best Sellers.

High-quality solar battery testers improve your solar setup by enhancing battery performance, extending battery life, ensuring safety, and optimizing energy efficiency.

Perfectly upgrade your outdoor power equipment with the addition of this exclusive Solar BA327 Electronic Battery and System Tester with Printer.

The BA9 Battery and System Tester features an operating range of 7-15V and is optimized to test four distinct battery types: Conventional Flooded Acid, AGM Flat Plate, AGM Spiral Wound and Gel Cell ...

We give you the correct products to monitor and test batteries" capacity. Exponential Power has been in the forefront of the development of devices used in analyzing, recording and monitoring critical ...
