20-120kWh modular battery storage system for commercial, solar, and backup applications. Scalable, high-voltage solution with LiFePO4 safety and BMS.

Whether supporting peak shaving, demand response, or renewable integration, the 120kWh Micro-grid Air-cooled ESS is your trusted solution for next-generation energy storage systems in the C& I sector.

Delong 120kWh energy storage cabinet is equipped with a battery, inverter, high-voltage box, air conditioner, and fire protection system. The complete all-in-one design provides you with ultimate ...

All system elements -- PCS, inverter, EMS, battery, BMS -- are housed in a single cabinet, greatly simplifying installation and reducing space. Equipped with advanced fire safety ...

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC ...

Featuring an integrated EMS for safe, stable operation, and a built-in isolation transformer for strong load adaptability, the Megarevo cabinet BESS maintains a stable power supply and adapts to ...

The 120 kW automatic switching cabinet integrates STS-based control, protection, and monitoring functions to enable safe and automatic grid-connected and off-grid operation works with energy ...

This is a DC-coupled or AC-coupled compatible energy storage system. It can be seamlessly integrated with both new and existing commercial solar installations, storing excess solar energy produced ...

Suitable for both on-grid and off-grid scenarios, our cabinets convert fluctuating energy prices into predictable costs, ensuring uninterrupted power supply for production lines even during grid outages, ...

Emergency Energy Storage Cabinet 120kWh

Powerful 50KW/120KWh hybrid energy storage solution with integrated inverter, BMS & EMS. LFP batteries, redundancy design. Expandable up to 120KWh.
