Who makes a telecom enclosure?

Bison manufactures telecom enclosures at a competitive unit cost & rapid turnaround that are used in protecting electrical equipment. Request a quote today!

What is a telecommunications enclosure?

Telecommunications enclosures are used in protecting electrical equipment in charge of transporting voice, video and other data for a number of industries. Telecommunications companies rely on custom and standard NEMA-rated electrical boxes to protect their sensitive equipment.

Why do telecommunications companies need a custom enclosure?

Telecommunications companies rely on custom and standard NEMA-rated electrical boxes to protect their sensitive equipment. Custom enclosures are often needed because installers constantly struggle to adapt off-the-shelf products to unusual requirements. Why Choose Bison ProFab?
