---

Outdoor cabinets from HuiJue are engineered to maintain internal stability even under rapidly changing external temperatures, direct solar radiation, or high humidity.

Engineered with reinforced steel enclosure and IP55/IP65 protection class for dust, water, and corrosion resistance in severe climates. Combines high-voltage lithium battery packs, BMS, fire protection, ...

Helsinki outdoor energy storage cabinet models offer climate-resilient solutions for renewable energy storage and grid management. With modular designs and robust performance metrics, they're ...

Combines high-voltage lithium battery packs, BMS, fire protection, power distribution, and cooling into a single, modular outdoor cabinet. Uses LiFePO4 batteries with high thermal stability, ...

55kWh air-cooled energy storage cabinet with IP55/IP66 protection, designed for industrial and commercial photovoltaic energy storage applications.

AZE's 18U Wall mount Outdoor Cabinet are designed to protect your sensitive network equipment from harsh environments, with waterproof and dustproof features to safeguard it from the elements, while ...

New 1100W IP55 High Temperature Resistant Type Outdoor Photovoltaic Frequency Conversion Cabinets Wall Mount Air Conditioner

The cabinet is designed for wide-temperature range operations (-20°C to +60°C), with built-in thermal management, anti-corrosion materials, and high-altitude suitability.

They are manufactured using high-quality galvanized steel sheets, insulation wool, high-temperature resistant EPS or PU materials, featuring a double-layer thickened outer shell for a longer service life.

# Helsinki Photovoltaic IP55 Outdoor Cabinet

Outdoor cabinets are for use whenever maximum protection is a must. The anti-vandalism qualities provides protection against electromagnetic radiation and conditions of high heat.
