Are Powerplus slimline cabinets suitable for outdoor or indoor projects?

PowerPlus "Slimline" cabinets are suitable for outdoor or indoor projects. The Slimline Range has a compact footprint which makes them ideal for smaller spaces. Designed and manufactured in Australia, the range brings a fresh modern look to energy storage for varying setups.

Why should you choose Powerplus cabinets?

There are enclosures to suit outdoor or indoor installations. Strong steel cabinets with a high quality powder coating finish promote durability and security whilst being well-suited to protected environments like garages, sheds and other enclosed spaces. Like to choose Australian made? Rely on PowerPlus cabinets to protect your next system.

Why should I choose a pre-wired rack series cabinet?

Make your installation quicker and easier when you compliment your batteries with a pre-wired Rack Series cabinet built with high quality Australian components. PowerPlus "Rack" series cabinets are IP21 and suitable for protected environments and designed to make the most of the available indoor floor space.
