How does customs clearance work in Indonesia?

1. Pre-Arrival Customs Procedures The customs clearance process in Indonesia begins with the verification of your shipment's paperwork. When your shipment arrives in Indonesia, customs officials will check the documentation. They'll verify that everything matches up and that your goods are correctly declared.

What is the customs process in Indonesia?

If you're new to trading in Indonesia, here's what the customs process usually looks like: 1. File a PIB (Import Notification) Before your goods even arrive, you'll need to submit a Pemberitahuan Impor Barang (PIB). This form lists everything from the HS code and quantity to the product value and description. 2. Customs Decides Your Clearance Lane

What is customs clearance?

What Is Customs Clearance, Anyway? Customs clearance is the official process your shipment must go through before it can legally enter or leave the country. It's not just a formality, it's a full review of your paperwork, payment of any import taxes or duties, and in some cases, an inspection of the goods themselves.

What is a customs inspection in Indonesia?

It's not just a formality, it's a full review of your paperwork, payment of any import taxes or duties, and in some cases, an inspection of the goods themselves. In Indonesia, this process is overseen by the Directorate General of Customs and Excise, following rules set by the Ministry of Finance.
