Beyond the Huawei LUNA S1 residential energy storage system, the company's residential smart PV solution establishes an all-in-one home energy management system that ...

Huawei has unveiled a new residential storage solution featuring a battery, an inverter, an optimizer, and an energy management system in a single device.

Huawei says its new, all-in-one storage solution for residential PV comes in three versions with one, two, or three battery modules, offering 6.9 kWh to 20.7 kWh of usable energy.

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

The setup includes "a smart energy controller (inverter) with battery-ready storage access and a smart module controller (optimizer) that can achieve greater roof utilization," per Huawei.
