Can you buy a lithium battery directly from a manufacturer?

Some lithium battery manufacturers sell their batteries direct to the public. Buying direct from the manufacturer has a few advantages, such as getting expert advice and help designing the optimal system.

Where can I find a lithium battery?

Most household batteries for remote controls, children's toys, and flashlights are Alkaline and are easy to find in battery stores. Lithium batteries are used in devices with heavy electric currents like laptops or cordless power tools (for those of us with home workshops).

Where can I find a 12 volt lithium battery?

While local brick-and-mortar stores may carry small lithium batteries like AA batteries or cell phone replacements, 12-volt deep-cycle lithium marine batteries and RV lithium batteries are not as commonly found. You may need to look online or visit specialized battery stores to find these.

How much do lithium batteries cost?

Lithium battery prices vary depending on capacity. For instance, Battle Born's 100 Ah, 12-volt battery costs \$950, while their 270 Ah 8D version costs \$2,800. Generally, the price increases with battery capacity.

Where to Buy Lithium Batteries? How Much Do Lithium Batteries Cost? What Is The Best Lithium Battery to Buy? Are Lithium Batteries Worth It? Where to Buy Battle Born Lithium Batteries? Now that you know where to buy your lithium batteries, you might be asking yourself if they're worth it. You've already determined you need a battery to store power, so the real question is, "are lithium batteries worth it compared to other types of deep-cycle batteries?" The answer is yes. Lithium batteries offer many advantages over lead-acid bat...
