What is a Bess 1MW system?

The 1MW BESS systems utilize a 280Ah LFP cell and air cooling system which offers a better price to power ratio. Each BESS is on-grid ready making it an ideal solution for AC coupled commercial/industrial customers.

What is a small BESS cabinet?

Small BESS Cabinets The small BESS series is a fully integrated battery energy storage system that's built to last. The Series is both scalable and engineered for modularity with a low MTTR, making it ideal for medium renewable energy projects.

What are the different types of Bess cabinets?

Our BESS is modular, which means you can mix and match cabinets to suit your system requirements. Plus, it comes in two variants, AC Single Bay and AC Dual Bay. Medium BESS Cabinets The medium series battery energy storage system is designed with versatility and scalability in mind.

What is a large Bess cabinet?

Large BESS Cabinets Our large bess Series features an AC single bay module capable of 29.7kW with options available up to 1MW clusters. These modules are perfect for on-grid solutions, providing reliable power for your applications. They are fully customisable and versatile, suitable for almost any on-grid application.

Do you also want to know other product information, such as price, product discounts, MOQ, etc., please contact us and tell us your needs, we will give you a satisfactory answer.
