We stock new and used battery cabinets in support of our energy storage packages, ups backup systems and rental UPS. Speak to a power expert to match up with your specific requirements.

Cabinet-Type Energy Storage Systems with 208kWh / 156kWh Capacity for Industrial and Commercial Applications. The SC208L50P-06W and SC156L50P-06W are high-capacity, cabinet-type C& I ...

Designed to exceed IFC24 fire-containment standards, it enables secure storage of bulk, damaged, or prototype batteries without the need for a separate fire-rated room. Lightweight, mobile, and field ...

Empowering your business with scalable commercial battery storage systems -- from lithium-based cabinets to large-scale commercial solar battery storage systems for solar integration and energy ...

Alpine Power Systems engineers and builds customized battery cabinets and enclosures for critical power applications, for utility, telecom, CATV, data center and other applications. Our cabinets and ...

Built, tested and optimized for the North American market for commercial projects. Equipped with integration controls for solar PV and generators. Backup power-ready and designed to support onsite ...

Discover our state-of-the-art lithium ion battery storage cabinets featuring advanced safety systems, intelligent battery management, and modular design for optimal energy storage solutions in industrial ...

With advanced battery technology, robust energy management, and modular design, this solution optimizes power usage, enhances energy independence, and supports large-scale operations. ...

Lifting safety standards, these 14 UL-certified battery cabinets ensure reliable power storage--discover the top options to protect your equipment and stay safe.
