The KONBAT BSEE (KON?AR Battery Energy Storage System) offers flexible deployment options: it can be delivered as a standalone, containerized unit or customized to meet specific ...

Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection against water and dust, ...

We use the highest quality components that can be found on the market to ensure long-lasting and reliable functionality. Our low-voltage cabinets have already proven themselves on numerous solar ...

The Cabinet offers flexible installation, built-in safety systems, intelligent control, and efficient operation. It features robust lithium iron phosphate (LiFePO₄) batteries with scalable capacities, supporting on ...

Standardized and scalable design for long-lasting, intelligent energy storage. Compact footprint with high single-cell energy density. Single cabinet footprint reduced by over 20%, with multi-unit scalability for ...

These systems have become the go-to choice for homeowners seeking reliable, long-lasting energy independence without the maintenance headaches of older technologies.

Our specialists excel in solar photovoltaics and energy storage, designing optimized microgrid solutions for maximum efficiency. We integrate the latest solar microgrid innovations to ensure stable, efficient, ...

From the Adriatic coast to continental Croatia, advanced outdoor energy storage cabinets are enabling reliable renewable energy adoption. As technology evolves, these systems will play a pivotal role in ...

In addition to our Energy Container Solutions, this ESS cabinet offers a compact system in a robust outdoor

Long-lasting croatian photovoltaic integrated energy storage cabinet for field research

housing as the ideal energy storage solution for a wide range of applications.

This energy storage cabinet is a PV energy storage solution that combines high-voltage energy storage battery packs, a high-voltage control box, an energy storage PV inverter, BMS, cooling systems (an ...
