Kiyona Energy Limited (KEL) has launched an open national tender for the development of a 25MW solar photovoltaic (PV) power plant to be constructed near the Waterworks Substation in ...

In the heart of Central Zambia, a major step toward energy independence is nearing completion. The Chisamba Solar Power Plant, a 100-megawatt facility designed to harness the ...

State-owned power company Zesco has completed the 100 MW Chisamba solar farm in southern Zambia. The project, billed as the largest grid-connected solar facility in Zambia and the ...

Zambia on Monday launched a 100-megawatt (MW) solar photovoltaic (PV) project, the country's largest grid-connected solar initiative to date, marking an important step toward addressing ...

The power utility has indicated that several projects are underway across the country as part of efforts to expand generation capacity and improve supply reliability.

The Head of State says these solar projects are located across seven provinces which include: Luapula, Central, Southern, Western, Northern, Eastern and Muchinga where the levels of ...

Zambia has taken a decisive step toward a greener future with the commissioning of a 121.8kW rooftop solar photovoltaic (PV) system--complete with 125kWh battery storage--at the ...

The project will generate clean, renewable energy that will reduce reliance on fossil fuels, decrease carbon emissions, and provide a stable and reliable power supply to the region.

Zambia inaugurated a 20 MW solar photovoltaic plant in Lusaka to diversify its power mix amid climate-driven hydropower constraints. Kiyona Energy, a ZESCO subsidiary, developed the ...
