Ideal for stationary applications and deep discharge cycles in cells from 2V to 12V, in capacities from 5AH to 4,000AH according to the voltage and type of battery selected. Preventive and corrective ...

The high-quality FLEX-ATX power supply is designed for the wide temperature range from -10 to + 60 °C and delivers full power up to + 50 °C. Flexible load distribution ...

Internal circuitry is covered with a conformal coating that protects against extreme temperatures. Applications range from oil fields, offshore oil rigs and other industrial locations to remote security ...

Available in power ratings from 1000 to 10,000 VA, these heavy duty units occupy a minimum of space and are light weight in design. Internally, all major components are well secured and electrically ...

Rackmount models can be mounted in standard 19" rack enclosures and can require anywhere from 1U to 12U (rack space). They are typically used in server and networking applications.

Astronic No Break Systems are operating in Mexico, US, Central America and Asia. Single unit capacity from 10 to 2,000 kVA. Greater capacities are achieved with interconnected units.

Mouser offers inventory, pricing, & datasheets for Rack Power Supplies.

Our rack mount power supplies deliver reliable, programmable DC power in a compact form factor that fits directly into standard 19" racks--making them ideal for ATE systems, production lines, and high ...

TDK-Lambda is a global supplier of rack mount and hot swap AC-DC power supplies in a broad range of power levels to fit many applications.
