-----

o Flexible Deployment: Modular energy cabinet, flexible expansion, IP55 to meet a variety of outdoor application scenarios. o Ultra-long Life: High capacity and long battery cycle life, efficient active ...

Our innovative modular design caters to diverse application needs, offering eco-friendly, high-yield solutions. Our mission: to green every watt of electricity generation and maximize every watt's value, ...

The SolaX ESS-TRENE is an all-in-one C& I energy storage cabinet, in liquid cooling model. Equipped with high-performance LFP cells, advanced energy management, and robust safety features, suitable ...

Patented outdoor cabinet protection design, optimised cooling air ducts, protection against dust and rain; front and rear doors open for maintenance, facilitating side-by-side arrangement of multiple systems ...

Learn about LZY's cutting-edge products, from mobile solar PV containers, photovoltaic glass, and BESS power conversion systems.

With an IP55-rated enclosure, built-in UPS modules, breaker protection, and dedicated battery space, Citadel ensures continuous operation for telecom, traffic, and CCTV systems under extreme conditions.

Based on a lithium iron phosphate battery system, the ESS outdoor cabinet serves as a comprehensive complete solution for stationary energy storage.

The cabinet is designed specifically to protect it from human damage, water, dust and other damages. The cabinet allows natural wind cooling through filtered vents on front door and under lip of rain hood

Outdoor IP55 cabinets act as a robust fortress, shielding the sensitive components of energy storage systems from harsh weather conditions, temperature extremes, moisture, and dust.

Designed to transform the way you store and utilize energy, our ESS solutions range from 100 to 3440 kWh,
