Project: off-grid stand alone power system, working 24/7 Location: New Zealand Application: Dairy farm  
Battery: 384V 150kWh LiFePO4 lithium battery rack type in outdoor rating cabinet Inverter: 50kW ...

WEL Networks and Infratec are proud to announce the launch of New Zealand's largest Battery Energy Storage System (BESS) with commissioning underway.

Infratec general manager Nick Bibby said that the storage system is "the first of its scale to be built in New Zealand". As reported by Energy-Storage.news, the two companies completed ...

Having developed and built the largest BESS in New Zealand at Rotohiko, Infratec's expertise makes us the perfect partner for accessing BESS concept design and commercial feasibility right through to ...

While hydro still rules, New Zealand is starting to take battery storage seriously, especially on the North Island.

Paris, January 10, 2023 - Saft, a subsidiary of TotalEnergies, has been awarded a major contract by Meridian Energy to construct New Zealand's first large-scale grid-connected BESS.

This article comments on some of the highlights and where we see clear signals that New Zealand is "open for business" for further BESS development at scale. If you would like to comment ...

Operates and maintains 24/7, capable of remote operation and unattended automatic control strategy adjustment based on load. Each cabinet occupies less than 3 square meters, with ...

The NZ Battery Project was set up in 2020 to explore possible renewable energy storage solutions for when our hydro lakes run low for long periods. A pumped hydro scheme at Lake Onslow ...

# New Zealand Battery Energy Storage Cabinet 150kW

This article explains the importance of grid-scale batteries as New Zealand shifts towards a highly renewable electricity system. What is grid battery storage and why is it important? New ...
