Meet Nordic Solar's Board of Directors and Management team, bringing diverse expertise and contributing to the company's development. Read more about their backgrounds here.

Nordic Semiconductor, a global leader in low-power wireless connectivity solutions, today announces the acquisition of its long-term partner, Memfault Inc., the market-leading cloud platform provider for ...

Nordic delivers world-class hardware, embedded software, development tools, power management, world-class support, and cloud lifecycle services - all simplifying development for developers to build ...

Nordic Semiconductor, a global leader in low-power wireless connectivity solutions, is bringing AI intelligence and functionality to the smallest battery-powered IoT devices.

Explore solar panel degradation evaluation by a Solar Energy Systems Research Scientist in modern solar electric power generation.

Nordic Semiconductor, a global leader in low-power wireless connectivity solutions, today announces the launch of the nRF9151 SMA Development Kit (DK), a specialized DK for RF engineers ...

The nRF54L Series provides this outstanding processing performance with Nordic's proprietary technologies, a unique design approach, and pioneering progression to the low-leakage 22nm ...

Compare results with degradation rates expected for PV in Nordic conditions and calculate the confidence interval of the results, both from data sets with removed and replaced data.

Nordic Semiconductor, a global leader in low power wireless connectivity solutions, today announced the launch of the nRF54LM20A, the latest addition to its next-generation nRF54L Series of ultra-low ...

Nordic solar power generation degradation board

Cloud Services The cloud services optimized for ultra-low power Nordic Semiconductor wireless devices
Cloud Services Overview Location Services Security Services Device Management Device ...
