Who makes outdoor Telecom cabinets?

Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies, utilities, and network operators with BABA-compliant solutions that protect critical equipment from the harshest environmental conditions.

What is an outdoor telecom enclosure?

Our outdoor telecom enclosures support a wide range of telecommunications and infrastructure needs: Fiber Optic Networks: From compact fiber distribution units to high-capacity data center enclosures like the AP-Data with six slack frames, our cabinets manage dark-fiber volumes with organized cable management and secure slack storage.

What are NEMA rated cabinets?

Our NEMA-rated cabinets are built to withstand whatever nature delivers. Each weatherproof outdoor enclosure is rated NEMA Type 3,4,5,or 6 and undergoes rigorous field testing to ensure reliability in demanding outdoor environments.

What is an AP utility cabinet?

The AP Utility cabinet ensures wide-ranging indoor and outdoor functionality,including power distribution,fiber termination,telecommunications,security and surveillance,cellular backhaul,industrial controls,and CATV. Ready to protect your network infrastructure with American-made quality?

Westell offers secure, weather-tight outdoor network enclosures to protect electronic equipment for outdoor telecom networks.

The nVent SCHROFFs double wall or single wall cabinets are available for full customization and integration, providing unmatched flexibility and resiliency for mission-critical telecoms applications.

Bison manufactures telecom enclosures at a competitive unit cost & rapid turnaround that are used in protecting electrical equipment. Request a quote today!
