Are slimline cabinets IP54 or IP66?

The SlimLine Series cabinets are designed for outdoor or indoor projects and range in IP ratings from IP54 to IP66. The Slimline Range has a compact footprint which makes them ideal for smaller spaces. Designed and manufactured in Australia, the range brings a fresh modern look to energy storage.

Can a 50kWh battery communicate with an inverter?

The batteries can communicate with most inverters but must be CEC certified to be eligible for the 35% discounts, and must not have claimed a Federal Battery rebate on the property previously. We can recommend the correct inverters for the right system. The warranty period on this 50kwh Battery is 10 years from installation.

Why should you choose Powerplus cabinets?

There are enclosures to suit outdoor or indoor installations. Strong steel cabinets with a high quality powder coating finish promote durability and security whilst being well-suited to protected environments like garages, sheds and other enclosed spaces. Like to choose Australian made? Rely on PowerPlus cabinets to protect your next system.
