What size is a 42U server rack?

Our 42U 19inchserver racks and cabinets range offers a wide choice of models with 600-800mm widths and internal depths up to 1200mm. The racks are made from steel and finished in a black or grey powder coat paint with other colour choices available.

How do I choose a 42U rack or cabinet?

When selecting a rack or cabinet there are several factors to consider. A 42U rack or cabinet can house equipment whose total height when placed into the rack is no more than 1.87m. Care therefore has to be taken when selecting a rack to make sure that there cabinet height is sufficient to house the IT server, networking peripheral or IoT device.

Can a 42U rack extension be used in a cabinet?

As an alternative to the 180mm rack extensions, the 42U Onyx racks also support an 85mm slim extension. The slim extension can be installed at the front or rear of the cabinet (or both front and rear). 42U racks only: The 85mm slim extension is only supported in the 42U rack cabinets, and only comes in Onyx (black) color.
