-----  
What is a solar tile manufacturer?

As a solar tile manufacturer, we offer innovative solutions to meet your solar product needs. Our solar tiles integrate advanced solar cell technology and can be a direct replacement for traditional tiles as part of a building's roof, providing clean, renewable energy for your home.

What are solar roof tiles?

Solar roof tiles: The solar cells are integrated into roof tiles that resemble traditional shingles. "Standard modules often reach their limits on complex roof shapes. With X-Roof and X-Tile we offer optimal in-roof solutions for complex roof situations.

How efficient are gain solar roof tiles?

Gain Solar solar roof tiles use high-efficiency crystalline silicon solar cell modules with a power generation efficiency of between 18% and 22%. The specific efficiency depends on the specifications of the tiles and the environment in which they are used. You can click to download our product specifications to learn more

What certifications do solar roof tiles have?

Our solar roof tiles have passed the following international and domestic certifications: CE certification, TUV certification, CFR-CTC certification, and CQC certification. You can use our solar roof tile products with confidence to provide your family with independent, clean, renewable energy. Contact us now to get Gain Solar discount price
